Notice Concerning Revision (Dividend Increase) of Year-End Dividend Forecast

KENKO Mayonnaise Co., Ltd. (the “Company”) hereby announces that it has decided, at a meeting of the Board of Directors held on today, to revise its per-share dividend forecast (increase in dividend) for the fiscal year ending March 31, 2026, as described below.

1. Reason for revision to dividend forecasts

We recognize returning profits to shareholders as one of the most critical management priorities. In pursuit of sustainable corporate value enhancement, we are committed to making decisions regarding profit allocation while investing in growth strategies and strengthening our financial foundation. In conjunction with this review of the Medium- to Long-Term Management Plan, we have also revised our dividend policy, taking into account that some of the management targets in the original plan have been achieved.

We are adopting a shareholder return policy based on the Dividends on Equity (DOE) ratio, and we have decided to implement the planned DOE of 2.5% ahead of schedule in Phase 3(FY2032-FY2035) of the current Medium- to Long-Term Management Plan. As a result, we have revised the year-end dividend forecast for the fiscal year ending March 2026, increasing it from 24 yen to 44 yen per share, a 20 yen increase.

2. Details of revision
